I don't know what's wrong with me. But apparently
it's not so easy because something's going on that I
can't seem to see. I can't figure it out, this
vulnerability, through the cloud of doubt that's
keeping me from You. It's like I'm driving blind. I'm
out here trying to find the way to where You are. I know
You're never far. It's like I'm fighting time. I'm
just outside the lines, so take me somewhere new.
Please help me move to You. So where do I belong?
This insecurity, You knew it all along, it wouldn't get
the best of me. But it's still haunting me, and I refuse
to be the one who won't believe You now. Oh I will be
still until You tell me to move. Oh I will be still until You
tell me to move on and on and on and on...
