Well, I will swim in water
Where everything is fine
I turn into the [...] my mind
But I never even tried girl
But I put my trust in you
Honestly I do
Well, I will swim in the ocean
Where everything I find
I put inside my head girl, inside my mind
But I never even tried to
Put my faith in you
And I never really do
I will swim in water
But I'm not sure if I'll ever find a shore
But you, you never told me
The right way to the shore
Well, I will swim in water
Where everything is fine
I put inside my head girl, inside my mind
But I never even tried girl
But I put my trust in you
Honestly I do
But I never even tried to
Put my faith in you
And I never really do
I will swim in water
But I'm not sure if I'll ever find a shore
But you, you never told me
The right way to the shore
I will swim in water
And I'm not sure if I'll ever find a shore
'Cause you, you never told me
The right way to the shore
To the shore
To the shore
