I will be your friend
(Album:Sandra Pires)

When every moment gets too bead
End of the road can feel so far
No matter how much time we're apart
I'm always near you

I'll be the shelter in your way
Help you 2 find your smila again
I'll make you laugh out of a broken heart
Wherever you are

Cause I'm never gonna walk away
If the walls come down someday
All alone and you feel afraid
I'll be there when you call my name
You can always depend on me
And I believe until forever ends
I will be your friend

So many people come and go
Nothing can change the you I know
Will never be just a face in the crowd
And time will show

Through the seasons and years
I will always hold you dear
Never you fear

Cause I'm never gonna walk away...
