Wild Years  
(Album:Sandra Pires)

I knew a man who could listen  
in a deep steady flow  
he could speak with a tones in his voice  
that touched my soul  
so we had no time for wasting  
all the love that we had within  
I knew me and you were one of a kind  
and still we are  
we've come so far

and now - now that the wild years are over  
I wouldn't change a thing  
I'd run to you again  
and now after this time - now that the wild  
years are over  
I wouldn't change a thing at all

we headed down to the river  
to drift along with the stream  
didn't take a lot of money and fame  
to live our dream  
So I grew deep into your system  
and you got deep into my care  
we were bound to have the time of our life  
and still we are  
we've come too far

and now - now that the wild years are over  
I wouldn't change a thing  
I'd run to you again  
and now after this time - now that the wild  
years are over  
I wouldn't change a thing at all

Instrumental Break

and now - now that the wild years are over  
I wouldn't change a thing  
I'd run to you again

and now after this time - now that the wild  
years are over  
I wouldn't change a thing at all
