When she told me storys
And I knew she was lying
I felt our love was dead, was dead
Hey why's that, why did you do that
Did you have a good time by making the fool out of me
You told me all your shitty shit, that you'll always want
to be
By myside a whole life, happily
Can't you see
that she told me storys
And I knew she was lying
I felt our love was dead, was dead
Hey babe had a good time hey babe don't you care
Don't you remember asshole, could be a nice time to
share
You told me that you love me but that was your biggest
lie
Don't you worry Misses Nothing you'll never ever see
me cry
Yes she told me storys
