S. Degen/ R.Muller
Once again I'm sitting in my old car
Don't even know where I am
Too much drinking, too much laughing
Never ever will do this again
Gotta go home now
I can't even close my eyes now
Got the last cigarette in my mouth
Wonna have a female by my side now
Wonna kiss her right on her mouth
Gotta go home now
Dreaming of you, Sam
It's a long time
Hope this feeling will never leave me
I'm so down but I'm looking good
Gotta go home now
Dreaming of you, Sam
It's a long time
Another beer I want, another girl now for this day
To hold me tight, I'm so drunken that I just can't stay
Gotta go home now
Dreaming of you, Sam
It's a long time
