VERSE 1

I was looking for a sexual distraction.
She had unbridled sexual attraction.
In my car she was saying no, no, no.
But I knew she was ready to go.
I drove her to a cheap hotel room.
She said she couldn't 'cause she had to be home soon.
I consumed her like a white-hot fire.
Gave her a taste of my sexual desire.

Chorus:

Why would you keep me waiting?
Sexually frustrating.
I want to free your wildest dreams.
I want to hear your wild sex screams.
And when I break your silence.
Gonna use some sex and violence.
I want to free your wildest dreams.
I want to hear your wild sex screams.

VERSE 2

I know a girl who digs the rough stuff.
When she's having sex, she just can't get enough.
She thinks its groovy when she's being abused.
It turns her on when she gets used.
I don't want to be no great pretender.
'Cause what I'm wanting is a sexual offender.
A girl who likes to be treated like a cheap whore.
And keeps on coming back for more.

REPEAT CHORUS

BREAK:

Why do you say no when you mean yes?
Why did you wear that sexy dress?
Its time to give yourself to me.
What do you think I'm gonna do?
You have a choice, its time to choose.
I want to set your passions free.

REPEAT CHORUS
