Mourning In The Night (Promotion Album - 2004)

In the horizon's solitude  
As you can see broken woods of ourselves  
You remember our roots  
Blackest roots of our growing  
The silence comes to you, in time  
And you're seeing thy sky  
With a silent lightning  
Silence and burning  
Of our blackest forest  
Burning of our primordial trees  
And the burning of our horizon's woods  
Do not tearing  
Do not sad  
Cause this is new wisdom of their horizon  
Their forest trees are longer  
And their shadows are white  
They are growing everytime  
And we are in the depths of our wisdoms graveyard  
Your ancient better wisdom is in your grave  
In this time  
The burial of your horizon  
Darkening of our burning forests  
Blowing the winds of your screams  
But they'll never hear, never feel  
Never compassion for your rotting ages  
Never ...  
Everywhere of this frozen graveyard  
You can see the wisdoms like your wisdom  
Dead horizons, better than another  
You can see just, my closed eyes, in time  
Cause I don't want to seeing this black ruining  
And I'm standing beside your grave  
Just a minute  
And after this,  
I come in my darken main road of my wisdom ...
