It's time to get up and move my feet
Challange today with who I meet
Seein all the morning dew
Sitting on my car
Getting through the week of play
Man its gonna be a long long day

CHORUS:

Time to get up and work
Time to get up and go to school
(Repeat 3x)

Its seems like routine
But it ain't bad
Seeing all the friends
That I have
Some complain and some keep quiet
Some just do it and continue to try it

CHORUS

Sly Caps 7;06
