You know I've got your number
and you know that you've got mine
I was wonderin if some time
you'd drop me a line
I see you every day and I fall
and I wonder if I'm gonna get that call
well I'm home all the time
please drop me line
I wanna hear your voice on the phone
everyday when i get home
I'm home all the time
Drop me a line
drop me a line, drop me a line
I see you every day and I fall
and I wonder if I'm gonna get that call
I'm home all the time
please drop me a line
every day I think of you
what I'm saying is so true
and I know why
drop me a line
drop me a line, drop me a line
drop me a line, drop me a line
drop me a line, oh
please drop me a line
I'm home all the time
drop me, drop me, drop me a line
I'm home all the time
would you drop me a line
