Well it's friday night and I'm home all night  
(all night!)  
and Saturday night doesn't look much better  
(oh wah oh)  
and nobody likes me because I'm a loser  
(hey, you're a loser!)  
but everything's gonna go my way someday, someday  
everything's gonna go my way someday

CHORUS:

who am i kidding, nothing ever goes my way  
why would i think that  
(oh why would you think that?)  
why would i think that  
(oh why would you think that?)  
oh why would i think that ever change

Saturday night went by so fast  
(so fast!)  
while all my friends were out having a blast  
(oh wah oh)  
and nobody likes me because I'm a loser  
(hey, you're a loser!)  
but everything's gonna go my way someday, someday  
everything's gonna go my way someday

CHORUS

every day things are gonna go my way someday  
'cause everything's gonna go my way someday

CHORUS
