Time goes slow  
when you're not here  
I wait alone  
for your call dear

you're leavin soon  
for New york dear  
it's almost noon  
I wish you were here

CHORUS:  
Cause when your gone I'm left alone  
nobody callin' on the phone  
even though you're happy  
I just want you for me  
to have alone  
time goes slow

follow your dreams  
make it big there  
I know you can  
you always did here

and when you do  
will you call me  
cause if you don't  
that would kill me

CHORUS
