You scream "don't look", you scream "don't touch"  
What have they done? What have I not?  
And every time I think about your voice I  
Start to tremble, and my throats aching  
And anytime you need a shoulder, I'm right here  
You've just gotta find a way, a way.

She sits alone, tries to adjust  
She cries please let me go I won't tell anyone  
You scream don't look, oh please god don't touch

You scream "don't look", you scream "don't touch"  
What have they done? What have I not?  
And every time I think about your voice I  
Start to tremble, and my throats aching  
And anytime you need a shoulder, I'm right here  
You've just gotta find a way.

Oh god please help us, get her out of this  
Oh god please help us, get her out of this  
Oh god  
Oh god  
Oh lord
