So what's next? I'd like to know
You gave a smile. I said "Hello
I could take you dancing, but I'm not that great"
You laughed and told me to pick you up at eight
Now I wanna feel you're by my side
And you're gonna stick around in spite of me
One year later: and we'll try again
Now that I hate women, and you can't stand men
Odds are still against us, we don't seem to care
'Cause you like my style and I dig your hair
But I wanna feel you're by my side
And you're gonna stick around in spite of me
And I will watch you fall away
Like you did those times before
And I would see you come again another day
If you wanted something more . . .
Things have changed now and so have we
Like your erratic patience and my chivalry
Still I wanna feel you're by my side
And you're gonna stick around in spite of me
Yeah I wanna feel you're by my side
And you're gonna stick around in spite of me
