the year was 1995
and i was to young to drive
i felt so stuck on the inside
of my life
woahhhhhh

just living out my life
through my tv
with all of my favorite shows
wanted my life to work out so easy
don't care if anybody knows
yeaaahhhh

but now im old enough to drive
no one can keep my inside
and i got the day on my mind
its my life
woahhhhh

Step by Step these are Family Matters
and why Boy Meets World i'll never know know
Who's the Boss here?
its the Fresh Prince
we've got a Full House
let's get this show on the road

just living my life through my tv
with all of my favorite shows
wanted my life to work out so easy
don't care if anybody knows
yeaaaahhhh

but now im old enough to drive
n one can keep me inside
and i got the day on my mind
its my life
woaaaahhhhhh

but now im old enough to drive
n one can keep me inside
and i got the day on my mind
its my life

woaaaahhhhhh

i just wannna live my life
like its the 90s
like its a tv show
there could be problems
and we could solve them
on next week's episode

i just wannna live my life
like its the 90s
like its a tv show
there could be problems
but we could solve them
on next week's episode

but now im old enough to drive
n one can keep me inside
and i got the day on my mind
its my life
woaaaahhhhhh

but now im old enough to drive
n one can keep me inside
and i got the day on my mind
its my life
woaaaahhhhhh
