You've come a long way for love,
but I'm not the one you should be thinking of.

Is it all you need, all you ever wanted from me?
Can you see if it is right or wrong when all of this is
gone?
If it is right or wrong when all of this is gone.

We had a good time running around in this town.
Shared a few good days, but not the time of our lives.

Is it all you need, all you ever wanted from me?
Can you see if it is right or wrong when all of this is
gone?
If it is right or wrong when all of this is gone.

Is it all you need, all you ever wanted from me?
Can you see if it is right or wrong when all of this is
gone?
If it is right or wrong when all of this is gone.
