over hill and under shadow  
we still walk this lonely way  
under grey skies of silence  
we will break our backs today  
and i hope i make it home

i've seen boys stand like giants  
i've seen giants squashed like flies  
took up swords for god and country  
but noone knows just why  
and i hope i make it home

please don't cry cos i'm alright  
there's not a man alive who's fit  
to take my life  
and as sure as i am sure  
i will walk you through the doors  
before i die

bloody faced and broken hearted  
under this cerulean sky  
we few stand among the slaughtered  
and noone knows just why  
and we're on our way back home
