Master sends it for your demise,
Master teaches it to rise,
Master crucifies you to the cross,
Master brings to you fine tortures!

Something comes with a longest knife,
Something comes to take your life,
Something comes to split your head,
Something comes to full it with lead!

It is fine night for cadavers,
It is fine night for fatalism,
This night it will fuck you with an axe,
Fuck you with a knife,
It doesn't need your death,
It needs your life.

This night it will
Butcher you to fragments of flesh,
Sacrifice you to bloody meat!
It wants to smash your face
And drench, and boil your
Fucking corpse, and split!

Master sends it for your demise,
Master teaches it to rise,
Master crucifies you to the cross,
Master brings to you fine tortures!

Butchered! Sacrificed to bloody meat!
Butchered! Kicked to the dirty pit!
Butchered! Sacrificed to bloody meat!
Butchered! Kicked to the dirty pit!

Drowning in viscera
Fucking bleed-meat,
Hearing the sounds of death feet,
One life will be much complete!
Bleed and bleed and bleed!

Something comes with a longest knife,
Something comes to take next life,

Something comes to split next mad head,
Something comes to full it with lead!

Dead! Dead! Dead!...
