We are two shadows moving on a wall  
Two characters, both weak and strong  
We chant and we dance, we draw ourselves in  
Then we run from each other again

Love is so strange, how we change from day to night  
And love is so strange, how we change from black to white  
white  
Ever so strange, how we change from day to night,  
hey, yeah

I draw a picture of your face  
Another time, another place  
We are the ones who fell into this love  
We must be in the right place

Love is so strange, how we change from day to night  
Love is so strange, how we change from black to white  
Ever so strange, how we change from day to night,  
hey, yeah  
That's right that's right that's

Love is so strange, how we change from day to night  
Love is so strange, how we change from black to white  
Ever so strange, how we change from day to night  
That's right that's right

Said, love is so strange, love is so strange, love is so  
strange  
Love is so strange, love, how we change, yeah, yeah  
Love is so strange, how we change, we change  
We change, we change  
How much we change, much we change, yeah

Love is so strange, how we change from day to night  
Love is so strange, how we change from black to white  
Ever so strange, how we change from day to night  
That's right that's right, yeah  
Love is so strange, how we change from black to white
