This is about control, it's about vision  
My vision, my mission  
Don't tell me about what you think  
'Cause I don't care, no, I don't care

We all want control of our destiny  
We all want control of our lives  
We all want control of each other  
We all see the fear in our eyes

An old man was sitting on a corner  
We couldn't remember where he lived  
I felt so sad until he told me  
He knew where he was and that was enough for him

We all want control of our destiny  
We all want control of our lives  
We all want control of each other  
We all see the fear in our eyes

Open my eyes to it  
I can see that way too  
Open your eyes to it  
You can see that way too

We all want control of our destiny  
We all want control of our lives  
We all want control of each other  
We all see the fear in our eyes

We all want control  
We all want control  
We all want control  
We all want control
