Nothing brings out the death in me, like December
snow
No one can make me scream, like you could always
make me scream, my love.
You loved to see me bleed, you'd always slip on my
blood.
Just kill a little kid or two, you'll see what I've been
going through...
Each sip of wine that I take, is for love that's lost.
Each bottle that I break, is for you the girl I loved the
most.
When you said you'd never leave, your fiendish smile
grinned.
And now that you're gone again, it made me look
inside and see that..
I'm the monster everyone made of me
I'm the one you held so cold
How I'd love to see you're alone but you're in no ones
arms but yours.

Now when I feel inside of you, I feel nothing but death.
Dead flesh inside of you, with ants and worms and
maggots on your breasts.
Take a look inside of me, there ain't nothing but black.
A black heart and colder lungs
Precilla, maybe now you'll see that..
I'm the monster everyone made of me
You created something so cold
Sometimes, Amy thinks she's wrong but it's no ones
fault but yours.
This monster's all your fault.
