Yellow moon, face of a prophet, shooting star, light of  
the Heavens

Shine down, shine down on our tiny enterprise  
Where do we go when all our time's been wasted  
Just keeping score on who is right or wrong, there's no  
reason

Follow the road, the road that leads us  
Where the healing waters flow  
Where do we go, when the world forsakes us  
Where the healing waters flow

Silent God moving in my heart, telling me not much I  
understand  
But I, but I need to know, so I fight on  
Here every beast must feed upon the other, oh  
When will the lion lie down with the lamb, there's no  
reason

Follow the road, the road that leads us  
Where the healing waters flow  
Where do we go, when the world forsakes us  
Where the healing waters flow

There is a river running deep into my soul  
Rushing like a vision over me, it flows  
Where do we go when all our time's been wasted  
Just keeping score on who is right or wrong, there's no  
reason

Follow the road, the road that leads us  
Where the healing waters flow  
Where do we go, when the world forsakes us  
Where the healing waters flow

Follow the road, the road that leads us  
Where the healing waters flow  
Where do we go, when the world forsakes us  
Where the healing waters flow

Follow the road, the road that leads us  
Where the healing waters flow

Where do we go, when the world forsakes us  
Where the healing waters flow

Follow the road, the road that leads us  
Where the healing waters flow  
Where do we go, when the world forsakes us
