black suit, lookin' so handsome
too bad none of my loved ones could see me
it's a closed casket
i tried to get you a ring that night
honey, i wanted to be more than your man
you made me your husband
lonely widow, goodnight my wife
call me back to life
baby, please tell my mother that i did not feel any pain
at all
and that i died quickly
tell our boy daddy's so sorry and tell him there will no
other lullabies
and to sleep next to mommy
dream of me when you retire to the night
and call me back to life

scream for me in this lonely, lonely night
scream for me until the heavens bleed
there's an angel in the moon tonight above you
watchin' over you
there's a phantom in the ground tonight below you
watchin' over you
there's an angel in your heart tonight who's dyin' to
make it to you
'cause i'm so lonely in the dirt tonight below you cryin'
over you
i'm your prince
your torn prince
your torn prince
your torn prince
lonely, dreaming, crying
