i wake up every morning at 4 o'clock  
don't know what to do but i gotta go back to sleep

don't know what to eat  
don't know what to do  
don't know what to wear  
but i'm getting deeper

school is a bore  
and my life is a chore  
but my friends are there for me  
can't they see

get away from me  
get up outta my face  
there ain't no better way  
and there ain't no better place  
you better call the cops before i go crazy  
i'll punch you in the face  
Then make your brain go hazy  
you better be gone before i get my rap on  
oh crap  
here it comes

boom chicka boom boom chicka chicka boom,  
boom boom chicka chicka chicka chicka boom.  
boom boom chicka chicka chicka chicka boom.  
boom boom chicka chicka  
chicka boom

that's not rap but i'll keep goin'  
i don't care if i am slowin' down d-down down

i don't need you in my life  
what you wear  
your welcome to stay?  
& if you wanna hold me back  
GET OUT OF MY WAY!
