i wanna be your mirror  
wanna be your air  
i wanna be your favourite ride at the fair  
i wanna be your movie  
wanna be your song  
wanna be the moments that you hope would last long  
can i be that girl  
that you can't refuse  
be the love that you don't wanna lose  
i wanna be the girl that you call the one  
be the love that you gone run from  
and you say you care  
but it's so cold in here  
you gotta let me in (let me in, let me in)

can you love me all the ways that you love yourself  
can you give me attention like you give nobody else  
i wanna be your brand new car  
i wanna be your movie star  
i want you to pretend like i'm you  
now that you can love me, love me like you love  
yourself (self..)

i wanna be your hurricane,  
set it on fire  
wanna be all the things you desire  
i wanna be your rhythm  
wanna be your show  
wanna be the places that you really wanna go  
i wanna be your morning  
wanna be your night  
wanna hear you say it's gonna be alright  
tell me that you care  
but it's so cold in here  
you gotta let me in (let me in, let me in)

can you love me all the ways that you love yourself  
can you give me attention like you give nobody else  
i wanna be your brand new car  
i wanna be your movie star  
i want you to pretend like i'm you  
now that you can love me, love me like you love

yourself (self..)  
(love me like you love yourself, self..)
