In return of friendship  
Offered none, gave little  
Knew me how you chose  
... easy to belittle

Forgiven everytime  
Those let downs  
Weren't a surprise  
... smiles were frowns

Certain you would  
Come to senses  
Now it's late  
... you'll find fences

Now you miss?  
And it kills?  
If you'll feel better  
I miss Ii

Your priceless lies  
Were only the truth  
Because I made them so  
Your ways were always loose  
I was sincere and stupid  
Why did you expect?  
You were my friend  
Why did you neglect?  
I was bound to turn to stone  
Just ask yourself  
Now you miss?  
I bet it hurts  
If it means anything  
I miss Ii
