

## Self Torture "Person-a"

Visit "[Person-a](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Amongst the crowd  
A senseless search  
Close enough to touch  
Yet far enough to run

You know your hands  
Better than your face  
But no one will ever  
See your hands first  
Always in front of a mirror  
To better describe yourself

Amongst the crowd  
A senseless search  
Close enough to touch

Person-A  
Looking at you  
Every minute of every day  
The rules are carved into stone  
You just have to play  
Don't need your own reality  
No way, no pray  
Forget about pure inner-self  
That's what I say

You know your hands  
Better than your face

Guess who I am
