

Mr. President "Love Zone"

My heart is beating hard and my knees are weak
My heart is beating hard and my knees are weak
(Refr.)

Take me to the love zone

Take me to the love zone

I wanna know all your mysteries

Take me to the love zone

Take me to the love zone

Is it a dream or reality?

Is it you? is it me? or just a fantasy?

Is it you? is it me? it's got to be

Take me to the love zone

Take me to the love zone

I wanna know where the love has come

What goes on inside of me?

Everything turns upside down

4x

My heart is beating hard and my knees are weak
(Refr.)

Take my hand, and follow me

Look into my eyes and see

4x

My heart is beating hard and my knees are weak
(Refr.)

2x

My heart is beating hard and my knees are weak
(I wanna know where the love has come)

2x

My heart is beating hard and my knees are weak
(I wanna know where the love has come)
