Massive strikes  
Superior forces  
Swarms of offensive vessels  
are taking position in orbit  
To guarantee  
the thundering nightmare  
Unleashing their furious  
assault capacity  
Concept of fear - Total enslavement  
Extermination of non-human races  
Exploitation for scientific experiments  
Irrisistable technical progress  
Elite soldiers  
known for merciless proceeding  
Disembarked  
from heavily armored troop-transport  
Devastating hordes  
turn the atmosphere into a burning chaos  
Take no prisoners, head for the objective"  
Extinguish the restive renegades,  
who fought a hopeless battle

The rebel scum will get  
their righteous punishment  
By order of the emperor,  
a renewal of peace and order  
Residing on his throne of honour,  
reign of power  
His glorious battlefleet,  
controlling the imperial routes  
Patrolling the frontier,  
and expand  
Ruling with viciousness in the mind of his subjects  
The master of the dark side,  
of the all-embracing force  
The secret to set the roots  
for conquest and enslavement  
By order of the emperor,  
a renewal of peace and order  
Residing on his throne of honour,  
eternal reign of power
