Do you really wanna know me  
Do you care what's inside  
Can you ever really show me  
There's no secrets I must hide

If I bare my soul can you accept it all  
My darkest corner's safe behind a wall

Do you really wanna know me...at all

Bridge:

I can't accept the pain  
My brain screams like a runaway train  
Trying to keep my heart on track  
The embers turned to flame and I want you back  
But I can't trust a memory  
I can't trust a memory...  
No I can't trust me

Verse II:

Do you really wanna know me  
Do you know what makes me smile  
Can you ever really promise me  
This time it's not a lie

I'll believe it's true when you're standin' at my door  
I'm always here for you and I'll open it once more

Do you really wanna know me...  
Do you really wanna know me...  
At all...

Do you really wanna know me...  
Do you really wanna know me...  
At all...

Do you really wanna know me...  
Do you really wanna know me...  
At all...
