[Missy]

Yeah, this is 2000 eternity  
And this is for my cadillac grill low riders  
Oh, if you got the escalator  
Any fly real shit, that you think is sick  
Blow your horns for me baby  
Oh, boy

[Dani]

Oh boy, what's your name  
And where did you get that escalade  
Damn I love the way you sit  
On 23's it's really sick  
Yo, can I catch a ride  
Do you mind if I bounce up in ya truck  
Ooh, I'm bout to lose my cool  
Have you ever seen a volcano erupt

[Dani] (Missy)

Truck on 20's and the rims is spinnin'  
Everybody get with it (honk your horn), get with it  
If your windows is tinted and your truck smells scented  
And you bout to get lifted (honk your horn), get lifted  
If you lookin' real fresh in your bird-bird ?  
Got money and ? (honk your horn)  
If your cadillac truck look like a million bucks  
(Yo, people what's up, honk your horn, uh oh boy)

[Dani] (Missy)

Oh boy, excuse my French (uh)  
But damn your truck is the shit (shit)  
I go with the flow (whoo)  
Ooh you're irresistible (uh)  
Yeah, can I drive your car (uh)  
And I'm gon' take it very far (ooh)  
Ooh, you and me a team (aha)  
Like afros and all the sheen (uh)

[Dani] (Missy)

Truck on 20's and the rims is spinnin'  
Everybody get with it (honk your horn), get with it

If your windows is tinted and your truck smells scented

If you lookin' real fresh in your bird-bird ?  
Got money and ? (honk your horn)

(Yo, people what's up, honk your horn, whoo)

[Dani] (Missy)  
So (so) hot (hot)

Mad (mad) props (props)  
Seats (seats) recline (recline)  
So (so) hot (hot)  
Rims (rims) shine (shine)  
Mad (mad) props (props)  
Seats (seats) recline

[Missy] (Dani)  
My rims keep shinin' like a flawless diamond  
Everytime I put my 'Llac on the roll (roll)  
You need to stop spyin' on my see-through diamond  
Make you think I just had to rob a toe  
Move from the truth, knock the chimney off the roof  
Gotcha comin' out ya booth so my (my my my my my

Bir-birdy suits keep Missy looking cute  
But I keep a close eye on ya guy, uh
