We've been through things, feels like we've been to  
hell and back  
And the ones you've lost, I'd give my life if I could bring  
them back  
(bring them back, I'd give my life)  
And your self esteem might be low from what people  
say (keep holding on)  
Hold your head up high, I promise it's gonna be ok (ay,  
oh hey)

I'm not perfect just like you (I'm not perfect)  
So come on let me give you a hug (come on let me give  
you a hug)  
I got problems just like you (I got problems)  
So don't nobody sit here and judge (just like you)  
I'm not perfect just like you (we're gonna stick  
together)  
So come on let me give you a hug (let's stick together)  
I got problems just like you (woo, ooh, yeah)  
And everybody needs some love

When you're feeling bad, some friends they can't be  
found  
(look around, look around, be found)  
Cause some people love it just to see you when you're  
down (down, yeah)  
But it's ok, pick yourself up, start over again (that's  
what you gotta do)  
If you try you will, you will succeed in the end  
(the end, I know you will, oh yeah)

I'm not perfect just like you  
So come on let me give you a hug (come on and let me  
give you)  
I got problems just like you (I got problems)  
So don't nobody sit here and judge (oh, yeah)  
I'm not perfect just like you (no, no, no, no)  
So come on let me give you a hug (come on and let me  
give you a hug)  
I got problems just like you  
And everybody needs some love

Shake a hand, shake a hand y'all, come on (oh shake  
somebody's hand)  
To every woman, every man y'all, come on (oh, to  
every woman, every man)  
Tell a friend, tell a friend y'all (ooh, shake a hand with  
someone)  
Cause united we stand y'all (united we stand, by body  
we fall)

I'm not perfect just like you  
(I'm not perfect, I've been through some things too)  
I'm not perfect just like you  
I'm not perfect just like you (ohh)  
I'm not perfect just like you (ohh)

Ohh, yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah
