[Mr. Shadow]

Yeah (Yeah)

Shadow (Shadow)

I'm sick and tired of all these wannabes in this  
motherfuckin' game

Ha ha

God damnit (Yeah)

Understand

Only two misters (Only two)

Motherfucker

Shadow and Lil' (Check this shit out)

Check it out

Hold back

[Verse 1]

The game's flooded

Time to do somethin' about it

I'm Dego's most wanted

Cali's most blunted

I'm just a main man

Your bitch is screaming out my name

And you hate that (Shadow!)

You motherfucker

When you see me in the streets, I'll be surrounded by  
thugs

Making a livin' out of slangin'

Guns and drugs

It was a neighborhood thang, and it still is, homey

A.P.K. to the grave, I creep slowly

Duck if you don't know me

I ain't playin'

Shadow

Westside insane, San Diego

Make no mistake and it'll be all right

I'm Amichi Park bangin', all day and night

I'll make a microphone smoke like a .454

Sit back and chug a whole pound of that hydro

The way I rolls on 24"s

Navigatin' for you hatin' hoes and holsters

Chorus:

[Mr. Shadow] The game's flooded  
Put your long-johns on  
All you minor league rappers are begging to bring it on  
The game's flooded  
Haters don't get far  
[E-Dubb] "Listen to the words of the M-R" --> Mr.  
Shadow  
[Mr. Shadow] The game's flooded  
It goes down like this  
Goldfish and pirannahs don't mix, motherfucker  
The game's flooded  
Haters don't get far  
[E-Dubb] "Listen to the words of the M-R"

[Verse 2]

I spit flame so hot, it'll melt your frame  
You know the name of the one who came to change the  
game  
I'm insane  
And fame ain't shit to me  
I'm a twelve gauge, blastin' through the industry (Yeah)  
Silly ass actors  
Wannabe rappers  
They're only two misters  
Phonies get slapped up  
You'll never catch up, haven't you heard?  
I flip a track, flip the script and still flip a bird  
Yeah, I puttin' in work  
You'll get yourself hurt  
You ain't afraid to get paid, hell naw, we do dirt  
We stay G-A-N-G  
Ster/Stur  
Watch as I swerve and get my splurge  
E-Dubb loco (What)  
He'll put you in a chokehold  
I got venomous vocals  
All my nemesis crash and burn  
When they see me comin', they flip U-turns  
They know

Repeat Chorus
