The crowd is lookin what your cookin  
But they can't say nothing  
It's so apparent when they staring  
With they mouths wide open

Coz when she look at me she rolls her tongue like la la  
la la  
Coz when she look at me she rolls her tongue like la la  
la la  
She make me wanna give it up right here right na na na  
na  
She make me wanna give it up right here right na na na  
na

So touch my body  
She feelin on me  
I wantcha body  
She feelin on me  
Rubbing her body  
Can't you see  
On my body her body  
She feelin on me

She on the grind like she the boss  
Everyday she hustlin  
She on my mind like kriss kross  
Coz that ass keep jumpin  
Up against me

Coz when she look at me she rolls her tongue like la la  
la la  
Coz when she look at me she rolls her tongue like la la  
la la  
She make me wanna give it up right here right na na na  
na  
She make me wanna give it up right here right na na na  
na  
So touch my body  
She feelin on me  
I wantcha body  
She feelin on me  
Rubbing her body

Can't you see  
On my body her body  
She feelin on me

And i got somethin that you wanna try  
And you got somethin that i can't deny  
And we got somethin girl lets compromise  
So we can hit the dancefloor  
And don't u take your hands off me

So touch my body  
She feelin on me  
I wantcha body  
She feelin on me  
Rubbing her body  
Can't you see  
On my body her body  
She feelin on me

So touch my body  
She feelin on me  
I wantcha body  
She feelin on me  
Rubbing her body  
Can't you see  
On my body her body  
She feelin on me
