Can't Brake down she wrote it on it, got it up upon  
you, she rides a wooden table oh oh And the lights are  
so deep when you're stuck into Halloween mmm...  
She is only meant to convince you from their eyes Got  
to, got to figure it out before Sitting in the dark in a  
golden city (as they all fight for) Hiding in the cases we  
made them out from the trees (we wait until the sun)  
Sitting in the dark in a golden city (as they all fight for)  
Hiding in the cases we made them out from the trees  
We wait until the sun sleeps in glory I've got the writer's  
disease, it's twice a day, You're bumping (into) to me  
You have on your lips, the fever And your hips drives  
me crazy Baby I'm coming home hold your womb for  
me mama Cause I've been so sick of hitchhiking Baby  
please carry a bag of carrots while in your dreams I'm  
hiding under your bed waiting for monsters to stare at  
me Sitting in the dark in a golden city (as they all fight  
for) Hiding in the cases we made them out from the  
trees (we wait until the sun) And every time I kiss you I  
lose my mind, Come on, Hey Girl (we're gonna make  
some love tonight) Sitting in the dark in a golden city,  
we wait until the sun sleeps in glory I'm sitting on a  
wheelchair standing with my head down and turning  
around Baby please don't count the bottles, Baby  
please don't count dead bodies I'm sitting on a  
wheelchair standing with my head down, and turning  
around Babies please don't count the bottles, please  
don't count dead bodies My soul is dead but I'm still  
alive And I'll survive for the thousand beats of  
pumping hearts in the world Sitting in the dark in a  
golden city (as they all fight for) Hiding in the cases we  
made them out from the trees (we wait until the sun)  
And every time I kiss you I lose my mind, Come on,  
Hey Girl (we're gonna make some love tonight) Sitting  
in the dark in a golden city, we wait until the sun sleeps  
in glory.
