Yeah, yeah [Verse 1 - Skyzoo] Follow that, no apologies for the tone of the holla back But all we tryin to see is a openin out of that Fuck the out of reach, I'm goin around the back Need a role model, tell 'em role model that I speak upon it and see I ain't runnin out of raps Pray that if you follow, you take the horror up out of that Take it for what it be, take it for what you need Plannin on what you see, say it and let it breathe Serenade on the beat and serenade me at the same I give 'em me, so if it's me that they blame They aye, no shame (no shame), huh, no sir (no sir) Just rubber bands around the shit we concur (Just rubber bands around the shit we concur) Rubber bands around the shit that we earn Get enough rubber bands and everything is a blur But without enough of 'em everything we prefer Is a mirage, so I need garages now, ya heard, huh?

[Chorus - Skyzoo] Heart made of metal, shoulders made of stone I talk through the echoes and throw away the hope Another day, another dollar, go for what I know Another day, another dollar, I go until it's gone Tell 'em heart made of metal, shoulders made of stone I talk through the echoes and throw away the hope Another day, another dollar, go for what I know Another day, another dollar, I go until it's gone [Verse 2 - Skyzoo] And now it seems, all the money possibilities surroundin me Is addin up to everywhere that I'm about to be Some of the most heinous but the whole aim is To be the one and done, never have to go gain it So yeah I'm gon' gain it and be around to see it Convey the stresses to every section of crowd that's seated Stoop dreams and splittin a two piece And pointin at better cars and learnin to loop beats Mask on, my emotions is velcroed I'm past gone but the only one that can tell so So I tuck it, ain't no reason to up it Reachin above the oven and see the dreams in the cupboard Pay 'em no never mind or see 'em and get to runnin Either to 'em or from it, intuition is jumpin About as bright as the lights that you measurin under Loud as the sound of the pound sittin next to the covers, I tell 'em [Chorus]

[Verse 3 - Skyzoo] Yeah, celebrate for the way that we levitate Huh, I never wait, tell 'em to get it straight But I

know that when I move, the eyes that's on me Are the
eyes that I cherish most, so I'm tryin to be all clean But I
be doin the most and hope they ignore the lead But if
they don't, I'm guilty as charged, it's all me Still I,
celebrate for the way that we levitate Huh, I never wait,
tell 'em to get it straight, got [Chorus] Yeah
