(*Sample of The Sylvers' "How Love Hurts" plays throughout the song*) [Intro - Skyzoo - talking] The beautiful decay We call this the beautiful decay We call this the beautiful decay We call this the beautiful decay [Verse 1 - Skyzoo] Majority rules, all of that is just a part of the rules And a majority of us is just a part of the cool I'm a part of how's it cut like I'm a part of the tool And I'm the part that's in the front like "pardon me dude" The authentic, the scribe for every one who subscribes To dollar shots and Henny with chicken wings and fries For \$3.75 and what it took to get that Pen to the pad, I paint it but don't drip that Huh, OD with the pen on the low key And I become the back drop, when you trippin in OT The theme music for peddlers, call me what you want But I leave room for measurers, I'm on it from the jump And them? They clown scopin, hopin the clown's open I pen both sides, the poetry's now motion Pray to God that the card hand halted Beautiful decay is what we call it [Chorus - Skyzoo] - w/ ad libs The beautiful decay So beautiful, so gorgeous but so opposite of all this The beautiful decay So beautiful but so lawless and so left of what you call it The beautiful decay So beautiful, so gorgeous but so opposite of all this The beautiful decay So beautiful but so lawless and so left of what you call it The beautiful decay [Verse 2 - Skyzoo] To my man Stack Bundles, God bless your life To my peoples throughout Queens, God bless your life I be Southside pushin it, Southside I'm good with it B-K my home and Southside my cushionin Live from the bottom, made it out alive. I survive from the bottom But when pushin a ride, I don't slide on the bottom Any part of the lane that's been part of the game Is in the heart of my name My growth is Now and Later and quarter water infused Now take a look at what quarter waters could do Tell 'em the best laws get X'd off as panaram When next door is stretch raw and hand to hands In junior high, I rocked pennies, rolled dice And threw on the "Purple Tape" before I would go and write Baptized in it, clear as day And that side of me came from the staircase [Chorus] - w/ ad libs [Verse 3 - Skyzoo] Freeze fram in it, see how

they keep playin it It's picture perfect, you could go
either way with it So when they start runnin with
somethin that's all casted I brush off the front of my
Jordans and walk past 'em Please don't believe in
everything that you listen to Everything you listen to is
everything they didn't do Everything they didn't do is
everything they want to say Everything they want to say
is everything you want to play (woo) But for the
beautiful, I could find the decay in it I take the newest
light bill and the pen to the basement and Use the back
of that light bill to write what I'm sayin and Hope that it
keep your lights on when you playin it [Chorus] - w/ ad
libs [Outro - Skyzoo - talking] Yeah, the beautiful decay
B-K got the beautiful decay Q-U got the beautiful decay
Money Makin got the beautiful decay The Boogie Down
got the beautiful decay Staten Isle got the beautiful
decay strong Isle got the beautiful decay And Mount
Vernon got the beautiful decay
