[Music - Chippe, Fai, Lyrics - Chuck]

Wake up to a hell  
There nothing much to dream  
The silence is deafening  
Much to seek in this life  
Everything we have  
Forever had mourned to  
Must fight till death  
To never bleed in this life

The crushing deceivers  
The violent believers  
Inside this hell

Forever to kill us  
There heart dipped in cold dust  
To trap us in snare

Speak up to tell  
Everything we've seen  
No innocence is reckoning  
We want to see what lies behind  
All the thing they take  
Never care for you  
Like a knife in the back  
There ever will is to freeze your life

The crushing deceivers  
The violent believers  
Inside this hell

Forever to kill us  
There heart dipped in cold dust  
To trap us in snare
