I fell for you. Im gonna throw a fit and if you fall for it
you're gonna
fall for me too. Fall for me. Can't you see it's the least
you can do? I
did it all for you. What have you ever done for me? Well
you snatched me
from the jaws of death, that's true, and you rescued
me with your last
breath, that too, but what have you done for me lately?
I fell for you
when I saw you there, and it's only fair that you fall for
me too. For
love is this serious game where once you lost your
shirt, and even more,
kind of a mysterious game where once you get hurt
you start believin'
more, even more. I was created to fall for you. Now I've
paraded it all
for you, so start falling when I give the signal. Ready?
Go. I fell for
you. Don't want to sound too stern but now it's your
turn, you've got to
fall for me too.
