Took a lot of time but I realized
Now it's clear to me
Mary you're a freak
Mary Mary you're a freak

Don't talk to me, Mary Mary you're so sick
You're a freak, you're a freak
I was doing fine, thought I knew your mind
Now I know I don't and I'm all alone

Mary Mary you're a freak
Don't talk to me, Mary Mary you're so sick
Don't look at me, you're a freak, you're a freak

Mary Mary you're a freak
Don't talk to me, Mary Mary you're so sick
Don't look at me, you're a freak and a creep
You're a creep and a freak
