Is it just me or is it all y'all  
Don't you wanna kill that Taco Bell dog  
Watching TV sayin, "What the fuh?"  
And whatcha gonna do when you got no luck  
Rappin's just like shootin' fish in a barrel  
Eatin' Taco Bell's gonna make you sterile  
Whatcha gonna do when the hype's got you hooked  
Wearin' Hilfigger's gonna get you looks  
Whatcha gonna do when you cross that line  
Agreein' with your friends- Matt Damon is fine  
You better stop frontin' all you wannabes  
Or we'll break out with some mariachi  
You gotta stop sayin' rap music lacks depth  
Just 'cause they don't know big words like bereft  
Gotta go now, fake our deaths like Tupac  
We gotta go now gotta hit the sack
