Dirty
you are a dirty ol' man
You can't keep your hands to yourself.
You are a dirty ol' man
Go mess around with somebody else.

That I've done told you
You can look but please don't touch.
Cause you don't understand what I mean
Can't you see I'm not old enough.
You say that ain't ain't nothing but a number-number
You're much too experienced for me.
Oh all you wanna do is take my love
All you want is another victory.

Dirty ol' man you can't keep . . .

Next time you see me
You can speak but please don't stuck
Cause I believed every word you said
And here I am with a broken heart.
You won your game now
Don't waste it on a date
No
no
no
no cause you're a married man
And I'm still free.
Oh all you wanna do is take my love
All you want is another victory.

Dirty ol' man . . .
