See when I saw her my first thought was maybe I  
should lie  
But then Id be categorized as average lines average  
guy  
And thats not my style, I prefer not to spit her game  
Cause one thing males hate to hear is we all the same  
But sometimes we cant help it, thats what yall wanna  
hear  
So we spit anything we know thatll get yall outta here  
Off to the crib we go, clothes drop down to the floor  
And she forget about the Range you told her that you  
had before  
The only downfall is when that one night turns to more  
Then you get exposed and the initial lie burns the most  
And she swears its the principle that made her go  
But in the back of your mind you really thought she  
digging for gold  
Now she tryna roll, because she find you broke aww  
hey  
She caught me balling man it was a friday  
So I know I mislead, to get in-between misses legs  
To get her in the bed all I said was

(Hook)  
Shawty I got a car, I got a crib  
And its a mall cross the street from where I live  
Every size of rims is in my front yard  
Waterfalls and all (Im a baller baby)  
I could be everybody else or I could be me  
And tell you that I like you  
And everything I see  
Now I could take a chance and be myself  
Naw I cant do it cause you like everybody else  
So Ill be everybody else

I mean can you blame me though,  
A lot of them fall for it  
So I just use it when the situation calls for it  
Like every time its like they hang on every line  
Clean my sterling silver in the club Im bout to shine  
Women want a baller so for now Im gonna ball  
I make them think Im tricking take them to the cheapest

mall

But Sharpstown why not the Galleria daddy  
Baby I wanna spoil you but they got too much traffic  
Its bad I know but the women aint no better  
If I wasnt a liar we wouldnt be together  
So call me greedy if you may, but you great  
And I just wanted to save this relationship touche  
If you wait, music gone be my new wave, you gone  
throw that bouquet, Your ring 22K, Big old house in a  
new state,  
If you stay, and itll work like a charm, til the new girl on  
your arm  
And people overhearing you say

(Hook)

Shawty I got a car, I got a crib  
And its a mall cross the street from where I live  
Every size of rims is in my front yard  
Waterfalls and all (Im a baller baby)  
I could be everybody else or I could be me  
And tell you that I like you  
And everything I see  
Now I could take a chance and be myself  
Naw I cant do it cause you like everybody else  
So Ill be everybody else

(Bridge)

If I wanna do you, then I cant do me  
You dont pay any mind to the guy you see  
Looking for a baller in the VIP  
Never thought Mr. Right just might be me  
See shorty I wanna keep it real and just tell you how I  
feel  
Thats my word but you acting like Im getting on your  
nerves  
But soon as I spit that money shorty eyes get big  
Or how I tell her my Lamborghini ride getting fixed  
I know Im kinda of big so that makes it even harder  
Some dont give me a chance if they dont think Im a  
star  
Lying like how I used to kick it with Toccara  
But the conversation dont stray too far from

(Hook)

Shawty I got a car, I got a crib  
And its a mall cross the street from where I live  
Every size of rims is in my front yard  
Waterfalls and all (Im a baller baby)  
I could be everybody else or I could be me  
And tell you that I like you  
And everything I see

Now I could take a chance and be myself  
Naw I cant do it cause you like everybody else  
So Ill be everybody else
