My best friend is a Limer
My best friend is a Lime
He comforts me when I am sad
And helps me all the time.
My Limer is my best friend
My Limer is my pal
He is very nice to me
and every guy and gal
oh Limer oh Limer...
where would I be with out you?
oh Limer oh Limer...
I'd probably eat poo
My best friend is a Limer
My best friend is a Lime
For Limers are so noble.
I wish there were more of your kind.
(Repeat until faded out)
oh Limer oh Limer...
where would I be with out you?
oh Limer oh Limer...
I'd probably eat poo
(Repeat until faded out)
