Picture Moses by the Red Sea shore
Pharaoh knows they can't run no more
Water is way too deep and wide
They can't swim and they can't hide
Though he was just a man
Moses raised his hand

And the Lord came through
He heard their cry
When hope was gone
He turned the tide
You can shake your head
but you know it's true
When there was no other way
the lord came through

King Darius and all his men
tossed poor Daniel in the lions den
He'd done no crime
but he had to pay
for praying to the lord
three times a day
At the break of dawn
they came looking for his bones

But the Lord came through
and he pulled him out
He tamed the lions
and he shut their mouths
You can shake your head
but you know it's true
When there was no other way
the lord came through

Well, those stories gathered
dust upon the shelf
till I fell into a trap
I'd made myself
All my struggle only brought me pain
and I knew that I could never
break those chains

But the Lord came through
He rescued me
He broke the lock
and set me free
You can shake your head
but you know it's true
When there was no other way
the Lord came through

He always does
with his power
with his love
You can shake your head
but I'm living proof
When there was no other way
the Lord came through
