Long, long time ago my heart was burdened with sin,  
My head bowed in sorrow, the devil had me troubled  
with-in;  
I started seeking salvation, I had a hard time resisting  
temptation,  
so I kept on searchin till I found the King of Kings.

Chorus:

Well, I kept on searchin, searchin,  
I kept on searchin till I found Him,  
Kept on searchin, searchin,  
I kept on searchin till I found Him.  
He changed my heart - so I could live right,  
Changed my mind - so I could think right,  
Changed my mouth - so I could talk right,  
Changed my feet - so I could walk right,  
Well I kept on searchin till I found the King of Kings.

Looking high and low along that wandering way  
my soul was full of longing, until one glorious day  
It was when my anticipation gave a way to sweet  
consolidation  
That I kept on on searchin till I found the King of Kings.

Chorus (repeats)
