A hand of fear gripped the crowd  
That day at Jairus' home  
When the doctor shook his head  
and said she's gone  
You could feel that mother's heart break  
You could hear them cry and mourn  
Their little girl was only twelve years old

Somewhere in the distance  
Outlined against the sun  
There came a Man on a mission  
From the throne  
They said "look somebody's coming"  
But what they did not know  
It was their Promise coming down  
that dusty road

Chorus:

There's a Promise coming down that dusty road  
From His holy hand healing virtue flows  
He's got the keys to what you need  
Death and hell He will defeat  
There's a Promise coming down that dusty road

The wonder turned to mocking  
When Jesus did speak  
'Cause He said your daughter's not dead  
She's just asleep  
Then He turned to the unbelievers  
And He told them all "go home"  
They heard Him say  
"Leave Me and death alone."

And then He laid His hand upon the child  
And He looked death right in the eye  
He said, "All power in Heaven  
and earth it belongs to me"  
And with a voice that sounds like thunder  
He hurled death and hell He will defeat  
Oh there's a promise coming down your dusty road

(Chorus)
