Every-time I look at you I feel something brand new  
it's real I can feel it all over me  
chemistry is off the chain, you  
send fire through me when you call my name  
has me looking forward to the next time we will go out  
and hang  
something magical happens every-time I'm lying in  
your arms  
the feeling that it gives me can weather any storm  
lying next to you relaxes me  
makes me feel so complete, yeah  
no other place I would rather be than here with you  
just, your skin touches mine and to me your one of a  
kind  
I believe my search was over when you became mine  
something magical happens every-time I'm lying in  
your arms  
the feeling that it gives me can weather any storm

Vamp:  
it feels like  
heaven  
when you with me it feels like  
heaven  
when you smile and it feels like heavens right here on  
earth for me  
ohhhhhh  
Heaven  
when you with me it feels like  
Heaven  
when you're smiling it feels like heavens right here on  
earth for me  
ohhhhh  
something magical happens when lying in your arms  
the feeling that it gives me can weather any storm  
I LOVE YOU David!!!!!!!!!!
