[Verse 1]

I should of thought twice before, before I gave you my
hand

And let you take a part of me, that I want back.

And now I'm all tangled up, sittin here stuck on you

How did I let it get this far

I shoulda never fell in love, I shoulda known you
weren't the one

I shoulda seen it from the start that you would go and
break my heart

[Chorus]

I shoulda kept you a stranger, alibi every day

Stranger, simple hi, how's your day

I shoulda thought about it a little bit longer

Before I let you in

I shoulda kept you a stranger, alibi every day

Stranger, simple hi, how's your day

I shoulda never made the mistake that I did

When I let you in life

I shoulda kept you a stranger

Ahh- ahh Oh-ooo Ahh-ahh Oh-oo Ahh-ahh Oh-oooooooo

[Verse 2]

I'm feelin so empty now, I gotta move on but how

To think I ever will believe in love again

After I gave you second chance, for you to turn around
and let me down

How will I ever trusted again

I shoulda never fell in love, I shoulda known you
weren't the one

I shoulda seen it from the start that you would go and
break my heart

[Chorus]

I shoulda kept you a stranger, alibi every day

Stranger, simple hi, how's your day

I shoulda thought about it a little bit longer
Before I let you in

I shoulda kept you a stranger, alibi every day
Stranger, simple hi, how's your day
I shoulda never made the mistake that I did
When I let you in life

[Bridge]

I wish I stayed away, I wish I didn't hurt
I wish I didn't cry every night before bed
(I shoulda never) gave you my heart
(I shoulda never) wasted my time
I shoulda never let you in
I wish that I never met you, stranger

[Chorus]

I shoulda kept you a stranger, alibi every day
Stranger, simple hi, how's your day
I shoulda thought about it a little bit longer
Before I let you in

I shoulda kept you a stranger, alibi every day
Stranger, simple hi, how's your day
I shoulda never made the mistake that I did
When I let you in life

I shoulda kept you a stranger
Ahh- ahh Oh-ooo Ahh-ahh Oh-oo Ahh-ahh Oh-oooooooo

I said it babe, I said it babe, ohhh, ohh-ooooo
I wish I never let you in
Shoulda, kept you a stranger
