Chorus:

Take me to the energy of love tonight
Everything is gonna be alright
With the energy of love

(Move your body to the energy)

I can remember the time
When love was on my mind
But then it starts to rain
My love was all in vain
All the energy was gone

(Let's dream, let's dream, let's dream)

Bridge:

Look for love
It's all around
We can reach
A higher ground

(When all the stars are shining bright)

CHORUS

(And now you've found the real love, so please don't
walk away)

Da Da Dee Da Da Da Da Da Da
Da Da Dee Da Da Da Da Da Da
With the energy of love
With the energy of love

Now I know what I need
I'm standing on my feet
But all that I can say
Is that I wanna stay
In the lovely land of dreams

(Let's dream, let's dream, let's dream)

Bridge:

Look for love
It's all around
We can reach A higher ground

(You've gotta be real, tough and fight)

CHORUS

(And now you've found the real love, so please don't
walk away)

Da Da Dee Da Da Da Da Da Da
Da Da Dee Da Da Da Da Da Da
With the energy of love
Of love

(Move your body to the energy)

Bridge:
Look for love
It's all around
We can reach
A higher ground

(Come on, come on, come on)

CHORUS

CHORUS

Of love

Da Da Dee Da Da Da Da Da Da
Da Da Dee Da Da Da Da Da Da
With the energy of love
Of love

(Please don't walk away)
